

Our Mission

To operate the statewide financial system to enable California to perform budgeting, procurement, cash management and accounting functions transparently and efficiently.

One state. One system.

Financial Information System for California

Chief Information Officer (CIO) / Deputy Director

C.E.A. B Classification – Monthly Salary Range: \$10,831.00 - \$12,903.00 per month

First review of applications: November 1, 2021

■ FI\$Cal

The FI\$Cal system modernized how the state of California manages its finances and is one of the largest and most dynamic IT and business-transformation undertakings in California's history. It eliminates the need for hundreds of independent legacy systems by combining the state's accounting, budgeting, cash management, and procurement operations into a single financial-management system.

■ Information Technology Division

The Information Technology Division's core mission is to provide a reliable, quality solution to customers and partners and maintain the highest level of security. The Division strives to support FI\$Cal with self-sufficient, innovative technology infrastructure and application services built and managed by skilled technical staff. As customer and partner needs evolve, the Division will continue to improve FI\$Cal by using its mature systems development life cycle processes.

■ The Position

The CIO is responsible for leadership and management of information technology functions and programs relating to the support of the FISCAL system implementation. The CIO is responsible for the information technology strategic planning, policy development, goal setting, management of enterprise architecture, information security, applications services, technology and infrastructure services, and department legacy systems interfaces. As CIO, the incumbent implements FISCAL's information technology policies throughout the statewide systems, and in collaboration with other government organizations, state agencies CIOs, Office of Chief Information Officer, and California Office of Information Security on statewide information technology policies and plans.

The position is located in Sacramento, CA. Positions at FISCAL are eligible for part-time or full-time telework.

This recruitment flyer only presents a summary of the position – more information about the job can be found in the Duty Statement.

■ Ideal Candidate

FISCAL is looking for an experienced Chief Information Officer to join their leadership team! The Chief Information Officer (CIO)/Deputy Director provides direction and policy guidance to the Chief Deputy Director.

The ideal candidate must have the experience, knowledge, and leadership skills to manage a technology team, oversee contractors and provide strategic direction. The candidate must have the ability to implement large scale IT projects, preferred knowledge in cloud based programs, artificial intelligence (AI) and Robotic Process Automation (RPA). This is a critical role for someone who has a wide range of experience in setting objectives and innovative strategies for technological systems.

Are you ready to step in and work on a statewide project with visibility from Executive, Legislative and statewide entities? Apply now to join our team to lead and innovate at FISCAL!

Desirable Education And Experience

- » A bachelor's degree or higher from an accredited college or university with major course work in Information Technology or Computer Science.
- » PMP Certification.
- » ITSM/ITIL Certification.
