THE POSITION & IDEAL CANDIDATE

The Office of Violence Prevention Manager serves as the City’s staff resource for gang prevention and intervention and coordinates a comprehensive effort to address youth and gang violence. The Office of Violence Prevention (OVP) was created to respond to increased gang activity in the City of Sacramento and consists of two staff: the OVP Manager and a Program Analyst. The OVP Manager is an expert in violence reduction programs and grant management who uses the latest research and best practices with an intentional focus on prevention and intervention services to gang-impacted populations. The ideal candidate will be a trust builder, collaborator, effective communicator and detail oriented with strong follow through. The position requires a candidate with political tack and professional integrity.
The OVP Manager oversees a $1 million budget primarily executed through the Gang Prevention and Intervention Grant Program (GRIGP) and Advance Peace (AP) Program. The GRIGP was developed to coordinate strategic investments in partnership with community-based service providers to increase support for high-risk youth and families in our community. Over the last three years, the City awarded $3 million in grants to 31 non-profit organizations to address and prevent youth and gang violence.

The AP program works to interrupt gun violence in urban neighborhoods by providing transformational opportunities to young adults identified as most likely to be perpetrators and/or victims of gun violence. The OVP Manager actively pursues appropriate State and Federal grant opportunities to support City prevention and intervention policies. The OVP Manager serves as staff to the Sacramento Gang Prevention Task Force, represents the City at Gang Prevention conferences, and coordinates with City and County agencies involved in Gang Prevention. The OVP Manager supervises one Program Analyst.

The City is on the rise in terms of growth and being progressive. The selected candidate will enjoy a healthy professional environment that is open to new ideas and experimentation of methods to achieve results. The selected candidate will inherit a successful program that has seen a steady decrease in the amount of homicides each year with no youth homicides in the last two years. This position offers substantial opportunities to make an impact with a high level of visibility and access to the City Manager and City Council.
